Richard Edmonds auctions will be holding an auction of pre 1939 cars and spare parts at Toddington Steam Railway, Gloucestershire on Saturday 4th August. The event is just 7 miles from Prescott where the VSCC will be holding their event. The sale starts at 16:00 and consists of a large quantity of high quality pre war spares from a deceased estate. Among these spares are various Lagonda parts including SU carburettors, BTH magnetos, a complete radiator and shell (not sure which model) and other parts. The catalogue will be on the Richard Edmonds website very shortly or you can call 01249 278081 for more info.
