Hi Folks,

I thought you might like to see some pictures of my M45 which features in a Concours d'Elegance at Heveningham Hall, near where I live in Suffolk.

Heveningham Hall has been through some difficult time over the last 40 years. If you think that restoring a saloon is daunting, think how much commitment is needed to keep up an 18th Century country estate with a grade I listed Georgian mansion!

It is a stunning location.
