

Lagondaforum: 2 litre saloon bodywork

2 litre saloon bodywork

Written by Roger Seabrook at Dec 03, 2017 7:56 pm

I am having to make some repairs to the nearside rear wheel arch and need a source of seasoned ash timber. Can anyone recommend a supplier in the Oxfordshire/ Buckinghamshire area? I don't need much - if anyone has some offcuts they'd be willing to sell, please let me know (my last plank of ash went to a good cause to repair another Lagonda some time ago).
