LR105 for sale at Bonhams Bond Street sale 4th December 2021

LR105 is in the Bonhams Sale Brochure for their Bond Street Sale on 4th December, next - Lot nr 133

See https://images1.bonhams.com/original?src=Images/live/2021-11/19/S-26805-0-1.pdf - pages 84 and 85 of the brochure.

I think the front is not nearly as beautiful as the 'original' horseshoe grille, but with its history this is of course a very special car.

Is this 'MkII front' unique, or are there more DB Rapides with this appearance, does anyone know?

Thanks - Tjeerd

Sold for GBP 98,900 including premium.

Against an estimate of between 50 and 80k.

The vendor must be happy.
