For those who still don't know:

An LG 45 tourer will be sold by auction at Fontainebleau (40 miles south of Paris, France) on the 21st of June.

Car number is 12131, it is estimated between 100000 and 150000 euros, it is two tone blue with black interior and hood. On the photo published by French magazine LVA it seems in fairly good condition, but I have no precise information about that.

If it interests you, you can contact the auction house (Osenat) at 00 33 (0)1 60 72 88 04 or 00 33 (0)6 81 59 85 65

(I am not related with this sale)
