Lagonda Continental Rally 09

Another great rally has passed. Meeting old friends, 3 days stay at Jagdschloss Niederwald, sightseeing and enjoying food and wine, and two days tooring up and down around Rüdesheim (Rhein valley, Germany), often on small empty roads with some hairpins that the one or other V12 had to take it in two steps..

Is there a Lagonda Continental Rally in 2010? If there is, we might venture on to it.
