Peter,

I've been looking for a gear lever gaiter for ages. Hopefully my lack of understanding of German won't be a problem in ordering one.

I found a rubber gaiter for the gear lever on the V12, http://www.halltech.de/F-1060-NBR_detail_268.html (16EUR)

you may find this part "F-1060-NBR" elsewhere.

I have cut away the lowest part of it, you see the raw part and the fitted one in the attached image

David,

I ordered 2, so if you want I can send you one, costs 16EUR plus postage, you can send me a personal message through this forum or an email where to send it. You can later send me the money in a letter (GBP or EUR).

Peter
