

RENEWED 31 May 2010 !!Searching for 2 Artillery wheels - for 14/60 rebuild coming out of hibernation

Written by Christopher Hobbs at Jan 13, 2010 9:32 pm

UPDATED MEASUREMENTS! :This is a Lagonda 14/60 from 1926, off the road some 30 - 40 years after front corner accident damage, rebuild done on chassis and mechanicals - so need replacement artillery wheels to take 4.75 x 21 inch tyres [well based] need two to get chassis to coach builder and a further one as spare for the road.

HELP PLEASE - do you have any - TWO STILL NEEDED?

Do you know of any?

Size of bare wheel is 22 1/2 inches diameter,

centre hole for hub is 3 inches

5 stud fixing on 5 1/16 inch diameter circle

outer width of rim is 4 1/16 inches

inner width of rim is 2 5/8 inches

Takes 475 x 21 Tyres

Call if convenient 😊 on UK mobile 07775 847 811 or home 01628 825246 - Berkshire - H1 Email: christopher.hobbs@chco.co.uk

Re: STILL Searching for Artillery wheels - 2 needed for 14/60 rebuild coming out of hibernation
