

Lagondaforum: Anybody knows this 3l Saloon?

Anybody knows this 3l Saloon?

Written by spartacus at Jul 23, 2010 8:03 pm

I am searching for any information about the following 3Litre Saloon: Chassis LB290 1 121, Engine V86N 409.

Is it possible to get an "Heritage Certificate" with Manufacturer's data (date of delivery, name of first owner, colour scheme, special specifications, etc,) ?

Thank you and cheers to all Lagonda friends,

Marc[i]/[i]

ask Aston Service Dorset for the built sheet of the car. This gives you the complete specifications when the car left the factory and a few years of service records (costs 30 GBP and goes to charity if I remember right)

<http://www.astonservicedorset.com/services.html>

by the way: your engine number must read LB6H...

do you have an image of the car, you might post it, always nice to see them
