We already have the Rapier Register which has not only the best one model spares scheme in the world but by far the greatest source of information on the Rapier you will find anywhere. It may not be "on-line' but it is readily available to all Rapier Register Members.
If you own a Rapier and are not a member of the Register you probably need to see a doctor.

"If you own a Rapier and are not a member of the Register you probably need to see a doctor."

That's priceless.

Also worth mentioning the Lagonda Owners Group on Facebook...
