

## Lagondaforum: LG45 Conrods

### LG45 Conrods

*Written by B&HEngines at Jan 27, 2011 12:39 am*

Can anyone help with a conrod or parts supplier who can supply a conrod for a Lagonda LG45 Sanction 3. as we have a motor in our workshop with a badly bent conrod after a piston expired!

I would suggest you contact LMB Racing as I know they can supply complete sets of new conrods for LG 45 engines.

There web address is <http://www.lmbracing.be>

I found the following details on their web site along with a picture of the conrods

Part number    2000

Description    Connecting rod Set For Standard crank LG45

Hope this may be of some help

Mike Heins

For LG45 Conrods I suggest you make contact with Farndon Engineering, in Coventry. Hope that helps! Stephen
