Items for Sale and Wanted

Written by reevsy at Jan 25, 2008 5:53 pm

Hi All

I would like to see a sales and wanted list on this forum. If the sales and wanted were broken down into car type and dated it would stop having to trawl lots of posts of no interest to you. Forum rules could include all traders and private be identified as such if considered necessary. In example!

For Sale Items: (Forum Topic Heading)

V12-----Items for sale for V12 Cars

Wheels x 4 13/12/2007 (Private)

2 Ltr-----Items for sale for 2Ltr cars

Rapier-----Items for sale for Rapier cars

DB 2.6 & 3 Ltr----Items for sale for DB cars

DB 3Ltr----Windscreen rubber 23/01/2008 (Private)

DB 3ltr-----Plugs for sale 22/01/2008 (Trade)

Then the same Idea for wanted items.

Peter

Dear Peter,

good idea, we did it like this: you have now the "For Sales" and "Wanted" for each car type. The posts are sorted by date anyway, I hope this works better. Old posts have been moved respectively.
