Forum Rules

We have updated the forum rules, you always can see them under "Main Menu - Forum Rules". The most important are first in the list.

As there was a discussion how it is allowed to talk about third persons "ask Peter Brown about the 2 litre motor, his e-mail is peter.brown@brown.com" (this is an invented name), please stick to the rule number 3 if you talk about others: make sure they agree.

To make it easy we added check boxes in your user CP where you can agree that others in this forum may give your name or your e-mail or club ID.

Please go there (User CP - Edit Data) and check the appropriate boxes !
