

Lagondaforum: 2,6 litre rolling chassis on eBay

2,6 litre rolling chassis on eBay

Written by SRD at Sep 23, 2012 2:02 pm

The ongoing stampede of 1950's Lagonda items continues on eBay.

A useful 2.6 litre frame with suspension, front bulkhead, steering rack, rear diff and much more.

THis one sold fast, but then again it came with the bulkead and was a near complete rolling chassis with few parts missing. An ideal basis to rebuild a car on.

Sold at 550 pounds which seems very reasonable..
