We have a nice LG45 saloon for sale, but unfortunately our V12 Razor edge has sold. Shame as it would have been perfect for you by the sounds of it!

Don't blame you Stewart. A short chassis saloon with cutaway running boards and spare in the boot would do me nicely although I think only one or two of them were made.

Failing that the Lancefield Coupe would do 🤔 🤔 🤔

Would build one of our special engines for both and have a real wolf in sheeps clothing hotrod!

Now where is that Loto ticket 🤔

Stewart hi

I would suggest that you place an advert in the Lagonda monthly gazette, that may flush out a car or two for you. There is a nominal cost of a few pounds for an advert.
