

## Lagondaforum: Facebook V 12 and 4.5 litres

### Facebook V 12 and 4.5 litres

*Written by roadmap at Nov 08, 2012 10:18 am*

Started a Facebook page for Lagonda V 12 and 4.5 litre cars , just for a **bit of fun** and will make it more professional with statistics as time progresses, so no pedantic advice is sought as I am aware that even the heading will cause stutters.

Feel free to browse and any constructive comments and additional information welcomed.

I will shortly put together a lot more facts like I did on the Derby Bentley facebook page I have although all information on Derbys and it is widely available is a bit difficult to do the big Lagondas as the lists seem to be not so available for some unknown reasons.
