### !!SOLD!!! P100 Headlamp supports for sale

*Written by duran at Mar 03, 2013 2:24 pm*

I have a pair of new castings that are post style that mount the "angled style" Lucas P100 lamps on the frame rails of a car. They are partially machined and need finishing but 95% of the work is done.

They mount the lamps approx. 8" above the frame and would be great for a "special". \$150.00 US
