Lagonda Rapide Items For Sale

Written by Guy Vinall at Dec 09, 2013 1:26 pm

Hello all, I have several items I'm now looking to sell;

- Original set of wheels requiring some TLC.
- Chrome screen surround, missing the 2 chrome join clips
- Original working dynamo.
- 5 Nearly new Pirelli Cinturato HS 205 VR15 Radial Tubeless Tyres. 4 have done about 1,500 miles the other never used. These are the best tyres made, ideal for Lagonda or AM.
- 5 D Type Style Alloy wheels made by Realm Engineering specially for my Rapide. I'm guessing these will also be good for a AM DB? The wheels have just been professionally restored & are ideal for a car that is going to be used with spirit!

Happy to forward pictures or discuss any item.

Lovely tyres - shame I bought some new ones the day before I knew you were selling yours!
