Julian Messent and LMB

Written by Julian at Oct 10, 2014 4:17 pm

Dear All,

Julian Messent and LMB have decided to part ways due to a difference in opinion about leadership and the direction the company should be heading. Julian will be starting a new company where he will concentrate on his specialties. Where appropriate the companies will assist each other in the future.

LMB will continue to provide first class service as a company that specializes in the maintenance, repair and restoration of motorcars, mainly from the 1920-1950 era.

Julian has setup a new company, Historic Competition Services, and will be concentrating on cars roughly between 1925 and 1955 and of course Lagondas and parts production.

We welcome your business as ever and expect to deliver the best service possible.

Hi all

Just to let you know that the machine shop and workshop are now up and running at full speed with a busy workshop and at least one complete Lagonda restoration under go.

Regards,

Julian
