

Lagondaforum: Meadows cyl. head rocker mec.

Meadows cyl. head rocker mec.

Written by jan A1 at Nov 02, 2014 7:51 pm

Good evening Lagonda owners :

Does someone have or might know where to find a set of rockers
for my 4.5 meadows?
Any information and help welcome.

Thanks in advance

Jan A1

Hello Jan

You could try LMB in Belgium as they claim to stock most parts.

Then there is also David Ayre ... parts@davidayre.com

The Club second hand spares list is worth a look as well and I seam to reemmebr they had listed a 4.5L rocker (not sure how may)

Anway, good luck

Best Regards

Chris

Unfortunately you will not find anyone stocking new rockers, LMB has none for sure but David Ayre or the club like Chris says may have some useable second hand ones so worth a try.

Good luck,

Julian
