

Lagondaforum: Immaculate 2.6 1953 DHC for sale

Immaculate 2.6 1953 DHC for sale

Written by Love lagonda at Mar 01, 2015 9:42 pm

All my pictures are too big to download. Please leave your details if you are interested in my gorgeous, very loved car.

Then I recommend to post at least some information like chassis number, engine number and description of the condition of the car, otherwise I would not recommend somebody interestet to leave his details.

Might I suggest that you do post your car details as Peter has suggested. This forum attracts many visitors looking for good projects, road-worthy cars or cars in superb order.

If your pictures are in digital format, follow the link attachments which go with these email replies. This will tell you how small to make the overall image, straightforward with Adobe. If you have any problems, email me, and I will reduce your images down to size for you.

Being a 1953 car, it is close to the tail end of 2.6 production.

Kind regards

Simon
