LR112 for sale in Ireland

Written by SRD at Apr 21, 2015 11:31 am

The Irish Rapide LR112 has finally been put up for sale.

For £95,000, dreadful pictures, surely the owner could have pushed it out of his garage for more pictures...

A few extra possibly older colour pictures have now been added to the for sale advert..

Would be more sensible to add current pictures if the owner wants to sell the car..
